Guide to Benefits: FASEB Helps Society Members

Valuable Resources at Your Fingertips

**Public Affairs Advocacy**
FASEB develops and advances proactive policy positions on issues affecting scientists including federal funding for research, animals in research and education, and training and career opportunities.

**Legislative Action Center**
FASEB helps society members to play an active role in advocating for issues relevant to their fields. We provide the advocacy tools and information you need for contacting elected officials and the media.

**The Washington Update**
Our electronic newsletter provides news and analyses of federal science policy.

**Breakthroughs in Bioscience**
This publication series brings forth essays that illustrate recent breakthroughs in biomedical research and their importance to society. It also highlights the important role animal models play in biomedical research and discovery. Access to this series is available under the Policy & Government Affairs section of www.faseb.org.

**Directory of Members**
Enjoy instant access to a vast database of your professional colleagues across the country as well as around the world. The directory is the essential reference for our community.

**FASEB MARC Program**
Resources that help strengthen the research training opportunities for students, postdoctoral fellows and academic/research faculty members from underrepresented groups. For Travel Awards and other valuable resources, visit us at www.faseb.org/MARC.

**Financial Leverage**

**NIH Federal Credit Union**
As the nation’s largest credit union serving the biomedical community, members of FASEB and its constituent societies in MD/DC/VA/WV are eligible for membership. NIHFCU provides a full range of convenient, high-quality and money-saving financial products and services to meet our community’s growing and diverse needs.

**The Marketplace**

**Life Science Marketplace**
Our online vendor search is designed for biological and biomedical researchers. Users can conveniently perform targeted searches for products and services needed to keep your lab or business running -- without the unrelated clutter of a general Internet search. Save valuable time and money! Visit The Marketplace today at www.faseb.org.

**Exclusive Discounts**

**The FASEB Journal**
FASEB publishes the most cited biology journal worldwide and FASEB society members receive a 60 percent discount on the individual rate for online subscriptions. Subscribe today at www.fasebj.org.

**The Job Center**

**Life Science Job Center**
FASEB’s Life Science Job Center is the place to search for and post jobs related to your specific career. Post your resume, create personalized job alerts, and check out upcoming career centers - all available at www.faseb.org.

The Voice of Biomedical Researchers

What is FASEB
The Federation of American Societies for Experimental Biology (FASEB) was founded in 1912 and has grown to be the nation’s largest coalition of biomedical researchers, representing 27 societies and over 120,000 scientists and engineers from around the world. FASEB is recognized as the policy voice of biological and biomedical researchers.

Our Mission
FASEB’s mission is to advance health and welfare by promoting progress and education in biological and biomedical sciences through service to our member societies and collaborative advocacy.

FASEB Member Societies
Our member societies share a common vision for the advancement of research and education in biological and biomedical sciences:
- The American Physiological Society
- American Society for Biochemistry and Molecular Biology
- American Society for Pharmacology and Experimental Therapeutics
- American Society for Investigative Pathology
- American Society for Nutrition
- The American Association of Immunologists
- American Association of Anatomists
- The Protein Society
- Society for Developmental Biology
- American Peptide Society
- Association of Biomolecular Resource Facilities
- The American Society for Bone and Mineral Research
- American Society for Clinical Investigation
- Society for the Study of Reproduction
- Teratology Society
- The Endocrine Society
- The American Society of Human Genetics
- International Society for Computational Biology
- American College of Sports Medicine
- Biomedical Engineering Society
- Genetics Society of America
- American Federation for Medical Research
- The Histochemical Society
- Society for Pediatric Research
- Society for Glycobiology
- Association for Molecular Pathology
- Society for Free Radical Biology and Medicine

Join FASEB and have your voice heard!
